Dear Mr. Jaekels:

Thank you for your July 16, 2013, letter inquiring as to the status of the U.S. Environmental Protection Agency's response to the December 6, 2012, petition you submitted to EPA on behalf of A-C Equipment Services and John Vitas. The petition requests that EPA object to the issuance of the proposed Title V operating permit by the Wisconsin Department of Natural Resources (WDNR) to the Motor Castings Company facility in West Allis, Wisconsin.

Upon receipt of the petition EPA began to process it in accordance to our petition review procedures. The time the review process takes varies, and at this time EPA has not yet reached a final determination on the issues raised in this petition. After EPA has concluded its review of the petition, we will respond to you, as well as WDNR, and all other interested parties.

Again, thank you for your letter. If you have further questions, please contact Andrea Morgan, of my staff, at (312) 353-6058.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Czerniak", written over the typed name.
